You can set the environment for the gurobi software with the command: `module load gurobi/v911`

Please check the gurobi license server with: `gurobi_cl –tokens`

The variable GRB_LICENSE_FILE must point to the right license file `/usr/app-soft/gurobi/gurobi.lic`!
Please check this variable with the command `echo $GRB_LICENSE_FILE`

Please check the gurobi web pages here: Gurobi
Please check the gurobi documentation pages here: Gurobi Documentation
