### 3. Login and click at „Desktop Session“

The screenshot shows the EnginFrame web interface. On the left is a navigation menu with "Monitor" (expanded) containing "Sessions", "Hosts", and "Jobs", and "Services" containing "Desktop Session". The main content area is titled "Sessions" and includes a search bar, a "Sort by: Started on" dropdown, a "Refresh" button, and a "Filters" sidebar with options "All", "Active", "Starred", and "Created Today". The main content area currently displays "No records to view".
