

# Remote Visualization FAQ

## 1. How can I start an interactive session?

Please login to [www.tu-ilmenu.de/vis](http://www.tu-ilmenu.de/vis) and click on „Desktop Session“.

## 2. How can I list my running sessions?

Please login to [www.tu-ilmenu.de/vis](http://www.tu-ilmenu.de/vis) and click on „Sessions“. Please be aware: **There is a maximum of one session per user!**

## 3. What is the absolute runtime of an interactive session?

An interactive session has a runtime (... wallclock time) of two weeks!

## 4. How can I kill my interactive session?

Please login to [www.tu-ilmenu.de/vis](http://www.tu-ilmenu.de/vis) and click „Sessions“ and finish the right session by clicking the „x“ button.

## 5. How can I change or configure the resolution of my interactive session?

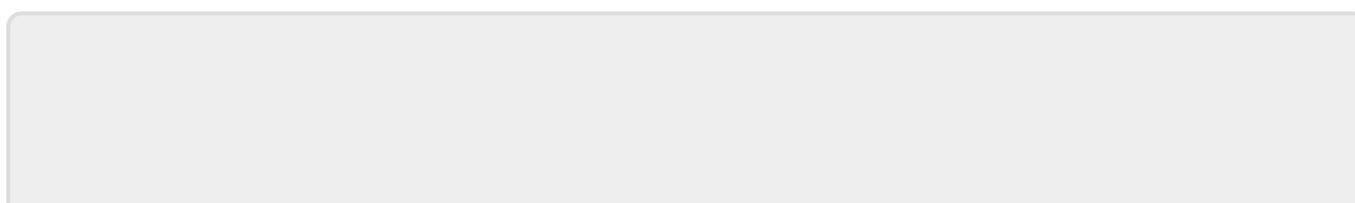

You can change the resolution of a running interactive dynamically.

## 6. How can I share my interactive to another user?

Please login to [www.tu-ilmenu.de/vis](http://www.tu-ilmenu.de/vis) and goto „Sessions“. Right under the session preview You find a small „>“ sign - please click it and chose „Share“.

If You share it to a „Collaborator“ - the shared user can use mouse&keyboard on Your interactive session. If You shared the session only to a „Viewer“ the shared user can only „view“ without keyboard&mouse.

## 7. Where is the "Terminal"?
