

Open a new [terminal](#) (faq 7).

The software „ensight“ is licensed inside the ansys software stack

Check the available ansys versions with the command:

```
module av ansys
```

Set the ensight resp. ansys environment with the command e.g. for ensight version 2022 Release 2:

```
module load ansys/v2020r2
```

Start the Ensignt software with the command:

```
ensight
```
