

Open a new [terminal](#) (faq 7).

Check the available fieldview versions with the command:

```
module av fieldview
```

Set the fieldview environment with the command e.g. for fieldview version 2022:

```
module load fieldview/v2022
```

Start the Fieldview software with the command:

```
fv
```

Hint: You can also start Fieldview in the last version with the command: `fieldview`
