

Remote Visualization

How can I get interactive access to the hpc ressources?

1. Install one-time the NICE DCV Clientsoftware on Your local computer
2. Goto www.tu-ilmenau.de/vis

EnginFrame Version 2020 - Copyright © 1998 - 2021 NICE S.r.l.

The image shows a login interface with a light gray background. At the top, there is a header bar with the text "EnginFrame Version 2020 - Copyright © 1998 - 2021 NICE S.r.l.". Below the header, there is a form area with two input fields: "Username:" and "Password:", each with a corresponding text input box. Below these fields is a large, solid orange rectangular button labeled "Login".

3. Login and click at „Desktop Session“

The screenshot shows the NICE DCV client interface. On the left, a sidebar menu is open under the "Monitor" section, with "Sessions" highlighted in orange. The main content area is titled "Sessions" and contains a search bar with placeholder text "Search by session name". Below the search bar is a "Sort by" dropdown set to "Started on". A message "No records to view" is displayed. To the right of the main content is a sidebar titled "Filters" with options: "All", "Active", "Starred", and "Created Today".

4. Hint: You can start Your interactive KDE session in a separate browser window or through the NICE DCV client software - please set it in the „Settings“ submenu at the tab „NICE DCV (since 2017.0)“.
